New Nutrition Education and Promotion Campaign, EAT SMART. PLAY HARD.

Last year, USDA launched a new nutrition education and promotion campaign, EAT SMART. PLAY HARDTM, to promote healthy eating and to encourage physical activity. The Campaign's messages have been endorsed and supported by many national organizations including the American Dietetic Association, the American School Food Service Association, the National Association of WIC Directors and others.

There are six colorful Power PantherTM posters available. A sample of these posters can be found on the USDA website at www.fns.usda.gov/FNSmascot/Posters/posters.htm. Requests for posters should be faxed on the attached order form or on agency or school letterhead.

Try This...Courtesy of Grand Rapids Public Schools

Michigan Department of Education (MDE) recently received this email regarding the Commodity Dehydrated Potato Flakes from Grand Rapids Public Schools:

Grand Rapids Public Schools LOVES the potatoes. We pour the flakes into a pan of cold water...stir...bake...Presto!

We tell our cooks to fill a full steam pan with cold water 1 1/4 inch from the top of the pan then pour 2 ½ pounds of potato flakes into the water...Bake in a 350 degree oven (time varies...but an internal temp of 165 is desired)

This may be an answer to your Dehydrated Potato Flakes dilemma!! If you have an idea for a commodity food, please feel free to share it with MDE.

DISPOSAL OF COMMODITY FOODS

Before USDA commodities may be discarded, Michigan Department of Education (MDE) must be notified. No commodity may be disposed of without proper authorization from MDE. Although a local health department can provide valuable input regarding foods to dispose, they are not authorized to direct disposal of USDA commodity foods. Once authorization has been received from MDE, commodities may be taken to a sanitary landfill or properly disposed by burning or by being put in a garbage dumpster. All marks identifying the product as containing USDA foods are to be removed or obliterated. Please notify Victoria Hwang of the Food Distribution Program at 517-373-4336 if you have a commodity that requires disposal.

Commodity Complaint Procedure

When a Food Service Director identifies a problem with a commodity food or a processed commodity food, Michigan Department of Education (MDE) must be notified by phone at (517) 373-8742. MDE will direct you to complete the Recipient Agency Commodity Complaint Form. A copy of

this form is included in this issue of the Food Scoop. This form is used to report the following complaints about USDA commodity foods:

Case content of USDA commodity foods or processed commodity foods are damaged - leaky, bulged can, loose labels, etc.

Problems regarding the quality of USDA commodity foods or USDA commodity processed foods - foreign object in a commodity, or problem with the color, texture or palatability of a commodity food.

When explaining the complaint, it is important to be as specific as possible. Delivery information is especially necessary for USDA to trace a commodity product to the original vendor. This includes: date product received, contract number, notice of delivery number, lot number and can codes (if applicable). Fax (517) 373-4022 or mail to MDE within three days of the call to MDE. MDE will then provide direction for you relating to

Regulatory Issues

disposal or holding of products.

VERIFICATION:

ADMINISTRATIVE POLICY #5

Food Service Administrative Policy #5 School Year 2001-2002: Verification of Eligibility for School Meals was recently mailed to you. Two

items related to the verification sample, discussed in paragraph two, require the following correction/clarification:

- 1. The verification sample is based on the number of "paper applications" approved as of **October 31**, **2001** not October 31, 2000, as listed.
- 2. The explanation of Random Sampling and Focused Sampling was not included in the packet as was indicated. This information is attached to this issue of Food Scoop. Please combine it with Administrative Policy #5 for future reference. Information on Random and Focused Sampling can also be found at either the MDE web site at http://www.state.mi.us/mde/off/oss/index.htm#FooddNutrition or at the USDA web site,

http://www.fns.usda.gov/cnd/ listed under National School Lunch Program, Free and Reduced Price Meal Benefits, Eligibility Guidance for School Meals Manual p. 61-62.

November/December, 2001

CALENDAR OF EVENTS

CHILD NUTRITION PROGRAM

November 2	001	
10	October Monthly Claim Due	
29	Cut-Off for September Monthly Claim	
December 2	001	
10	November Monthly Claim Due	
15	Deadline for Verification Completion	
30	Cut-off for October Monthly Claim	

Random Sampling

The minimum required sample size is 3 percent or 3,000, whichever is less, of all approved applications on file on October 31. A random sample should include both income eligible and categorically eligible applications. No attempt should be made to select only categorical applications.

Calculation and selection of the minimum required number of applications in the SFA to verify under random sampling:

Step 1. Count the total number of approved applications on file on October 31. Multiply the total by .03. Round decimals upward. At least one application must be verified.

Example: 340 applications $\times .03 = 10.2$ applications. Round upward to 11 applications.

Remember, families approved through direct certification are not included in the application pool.

Step 2. Compare the result in Step 1 to 3,000. The sample size is the lesser number.

Example: In this example, 11 applications must be verified to meet the required sample size.

Step 3. Randomly select the required number of applications.

(1) A selection interval may be used. This can be accomplished by dividing the total number of approved applications on file in the SFA by the sample size to determine the selection interval.

Example: If there are 340 applications on file and 11 are required to be verified, divide 340 by 11 = 30.9.

In this case, the selection interval is 31. Number all the applications. Randomly select an application from the total approved, and then choose every $31^{\rm st}$ application until 11 applications

have been selected.

(2) Another random method of selection would be to put all the applications in a container and draw the eleven applications out for the verification sample.

Families approved through direct certification do not need to be verified.

Focused Sampling

In focused sampling, a minimum required percentage or number of applications based on income eligibility must be selected for verification AND a minimum required percentage or number of applications approved based on categorical eligibility must be selected for verification.

The SFA must verify a minimum of:

- (1) the lesser of 1 percent or 1,000 of the total number of approved applications (both income and categorical). The 1% sample is selected from income applications with total household income within \$100 monthly or \$1,200 annually of the income eligibility guidelines (IEGs) for free and reduced price meals; PLUS
- (2) the lesser of .5 percent (one half of 1 percent) or 500 of the total number of applications that were approved based on categorical eligibility, selected from applications with a food stamp or FIP number.

EXAMPLE:

300 income applications
200 categorical applications
150 direct certification families
500 total applications in the application pool

Remember, families approved through direct certification are not included in the application pool.

(1) 500 total applications	x.01 = 5
(2) 200 categorical applications	x.005 = 1
Total sample	= 6

- (1) A sample of 5 applications must be selected from the 300 income applications, **PLUS**
- (2) 1 from the 200 categorical applications.

Families approved through direct certification do not need to be verified.

STATEWIDE TRAINING PROGRAM CLASS SCHEDULE 2001

NOTE: All registrations must be in the MDE office before the deadline dates—
registrations received after the deadline dates will be returned!

SCHOOL FOOD SERVICE BASICS - 100

Fee: Member \$18.00 and Non-Member \$25.00
